Supplies & Tools

Supplies

- 6x Jump ring, Silver, Ø 5
- 2x Jump ring, Silver, Ø 6
- 1x Jump ring, Silver, Ø 8
- 2x Leather, white, 7x7cm
- 1m Nylon thread, transparent, Ø 0.25
- 4m Nylon thread, transparent, Ø 0.3
- 1.2m Nylong thread, transparent, Ø 0.4
- 1x Pin, silver, Ø 27

Tools

- Flat nose pliers
- Leather glue
- Scissors
- Sheet of paper, A4
- Sticky tape

STEP 1: Cut 45cm of the 0.30mm nylon thread and string on 39 Crystal Pearls in Crystal White Pearl, 4mm and one SWAROVSKI ELEMENTS Bead art. 5328, Ruby.

STEP 2: Tie a double knot, but be sure not to tie it too tight. Slide the ends of the nylon thread back through five pearls. Cut the ends of the nylon threads.

STEP 3: Repeat step 1, but use a SWAROVSKI ELEMENTS Bead art. 5000, Siam (instead of the SWAROVSKI ELEMENTS Bead art. 5328, Ruby) and slide the pearl string through the first pearl ring. Repeat step 2.

STEP 4: Repeat step 1, but use a SWAROVSKI ELEMENTS Bead art. 5328, Dark Red Coral and slide the pearl string through the first and the second pearl rings. Repeat step 2.

STEP 5: Repeat steps 1 – 4 sliding the pearl strings through the pearl rings.

Repeat steps 2 - 4 x1

STEP 6: Glue two pieces of leather together. Sketch the circle with indicated segments as you see in the illustration on the paper. Adhere double sided sticky tape to the back side of the paper circle and attach it on the leather.

STEP 7: Take a needle and pierce through the marked points. Cut the circle out with the scissors and remove paper circle.

STEP 8: Cut 1.2m from the 0.40mm nylon thread and string on 36 Crystal Pearls in Crystal White Pearl, 3mm. Make a double knot, so that you get a short end (20cm) and a long end of thread.

STEP 9: Using the long end of the thread, attach the needle and sew the pearl ring onto the leather. Make only five loose stitches (see illustration for positioning and stitching). Keep a 4mm distance between pearl ring and leather.

STEP 10: Slide the SWAROVSKI ELEMENTS Round Stone art. 1201 between the pearl ring and the leather, and finish sewing the rest of the pearl ring on the leather. After the last stitch slide a toothpick between the pearl ring and the leather in order to keep them on level while tying the double knot. For securing the thread stitch four times up and down, best underneath the stone for lesser visibility. Cut off the excess thread and take the toothpick out.

STEP 10 continued

STEP 11: Place the multiple pearl ring onto the pearl ring that is sewn to the leather and then sew it onto the leather base as well. Make a double knot and cut off the rest of the nylon thread.

STEP 12: Cut a 30cm piece of nylon thread. Slide it through the heart pendant and string on six 5810, 3mm pearls. Thread back through the pearls, form a loop and tie a knot. Cut off the rest of the nylon thread.

STEP 13: Open an 8mm jump ring, slide the pearl ring with the SWAROVSKI ELEMENTS Heart Pendant onto it and hook it onto the brooch. See illustration for positioning. Close the jump ring.

STEP 14: Repeat step 12 but instead of the SWAROVSKI ELEMENTS Heart Pendant use a SWAROVSKI ELEMENTS Pendant art. 6015. Open a 6mm jump ring. Slide on the pearl ring with the Pendant art. 6015. Open five 5mm jump rings and make a chain attaching them to the 6mm jump ring. Attach the last one in the 8mm jump ring from the Heart Pendant before.
